

## 2023 International Training Workshop for Youth Leadership on Humanitarian Assistance and Disaster Relief

August, 2023; Hualian, Taiwan

The 2023 International Training Workshop for Youth Leadership on Humanitarian Assistance and Disaster Relief was held from 25 to 28 August in Hualian Tzu Chi Jing Si Hall. This was the final event of series International Training Workshop in 2023, and co-held by National Science and Technology Center for Disaster Reduction (NCDR), Buddhist Tzu Chi Charity Foundation and Tzu Chi University. NCDR has held the International Training Workshop since 2015, and this is the 18th Workshop. It is also the first time to have oversea participants to Taiwan after the Covid-19. There were 65 participants from 19 countries joining this workshop, including Zimbabwe, Nigeria, Malawi, Portugal, Sri Lanka, Myanmar, Nepal, Bangladesh, Thailand, India, Indonesia, Malaysia, Philippines, Vietnam, Pakistan, U.S., Colombia, Palau, and Taiwan.

The workshop that aims at the capacity building for HADR in case of Typhoon scenario and the training courses were focused on the planning and practice of the humanitarian assistance with information and technology application, and disaster relief experience. The participants can learn and use their creativity by the courses design of lectures, hand-on practice, brain storm and team work.

## Keynote Speech

The workshop invited two distinguished speakers to deliver the speeches on 27 August, including: Undersecretary Diana Rose S. Cajipe, Department of Social Welfare and Development of the Philippines, and Director Joseph Martin, U.S. Center for Excellence in Disaster Management and Humanitarian Assistance (CFE-DM). Their speech topics were talked about climate change, humanitarian and disaster relief.

## APEC 16th Senior Disaster Management Officials' Forum (SDMOF) and APEC 19th Emergency Preparedness Working Group (EPWG) Meeting

August 2023; Seattle, U.S.

Dr. Tsung-Tsong Wu, Minister without Portfolio of Executive Yuan leded the delegation to attend the APEC 19th Emergency Preparedness Working Group (EPWG) Meeting and APEC 16th Senior Disaster Management Officials' Forum (SDMOF) from August 1 to 2 in U.S.

Minister without Portfolio Wu advised how we co-implement a sustainable and disaster-resilient society in APEC region in the SDMOF, and introduced under multiple risks of natural hazards and environmental change, we have long-terms investments in disaster risk management and climate change adaptation through introducing outputs of science and technology. Minister without Portfolio Wu introduced three transformation of scientific and technological achievements and hope to build collaboration with APEC members:

1. Inclusive Disaster Risk Reduction:  
Engaging the Whole Community
2. Pre-Disaster Recovery Planning
3. Resilient Infrastructure Systems
